PROJECTS

Personal_Portfolio -Link
March2025

Designed and developed a responsive personal portfolio using Bootstrap to showcase my skills, projects, and achievements. Implemented clean UI/UX principles with interactive sections such as AboutMe, Projects, and Contact. Optimized for mobile and cross-browser compatibility.

PHP_Login-dashboard - Link
Sep 2025

A PHP project that allows users to register, display, update, and delete records using a MySQL database. Includes form validation and styled table display.

PizzaPal-Flavourtheslavour - Link
Oct2023

I created PizzaPal - Flavour the Slavour, a vibrant and visually appealing pizza flavor website using HTML and CSS. The site showcases various pizza flavors with enticing descriptions, attractive layouts, and user-friendly navigation. Each flavor section is carefully designed to highlight key ingredients, offering a mouth-watering visual experience. The minimalist design ensures a seamless, responsive interface for users across devices.
